Overview

Project Impetus and Funding

Project Team

Dan Efseaff, District Manager, PRPD

Sunny Quigley, Executive Assistant, PRPD

Dick Rol, Principal Landscape Architect and Planner, ICF

Alice McKee, Project Manager, Senior Landscape Architect, ICF

→ Agenda

-
- Welcome
 - Overview and Introductions
 - Feasibility Study
 - Trail Network Concept
 - Trailhead Site Concepts
 - Next steps
 - Questions

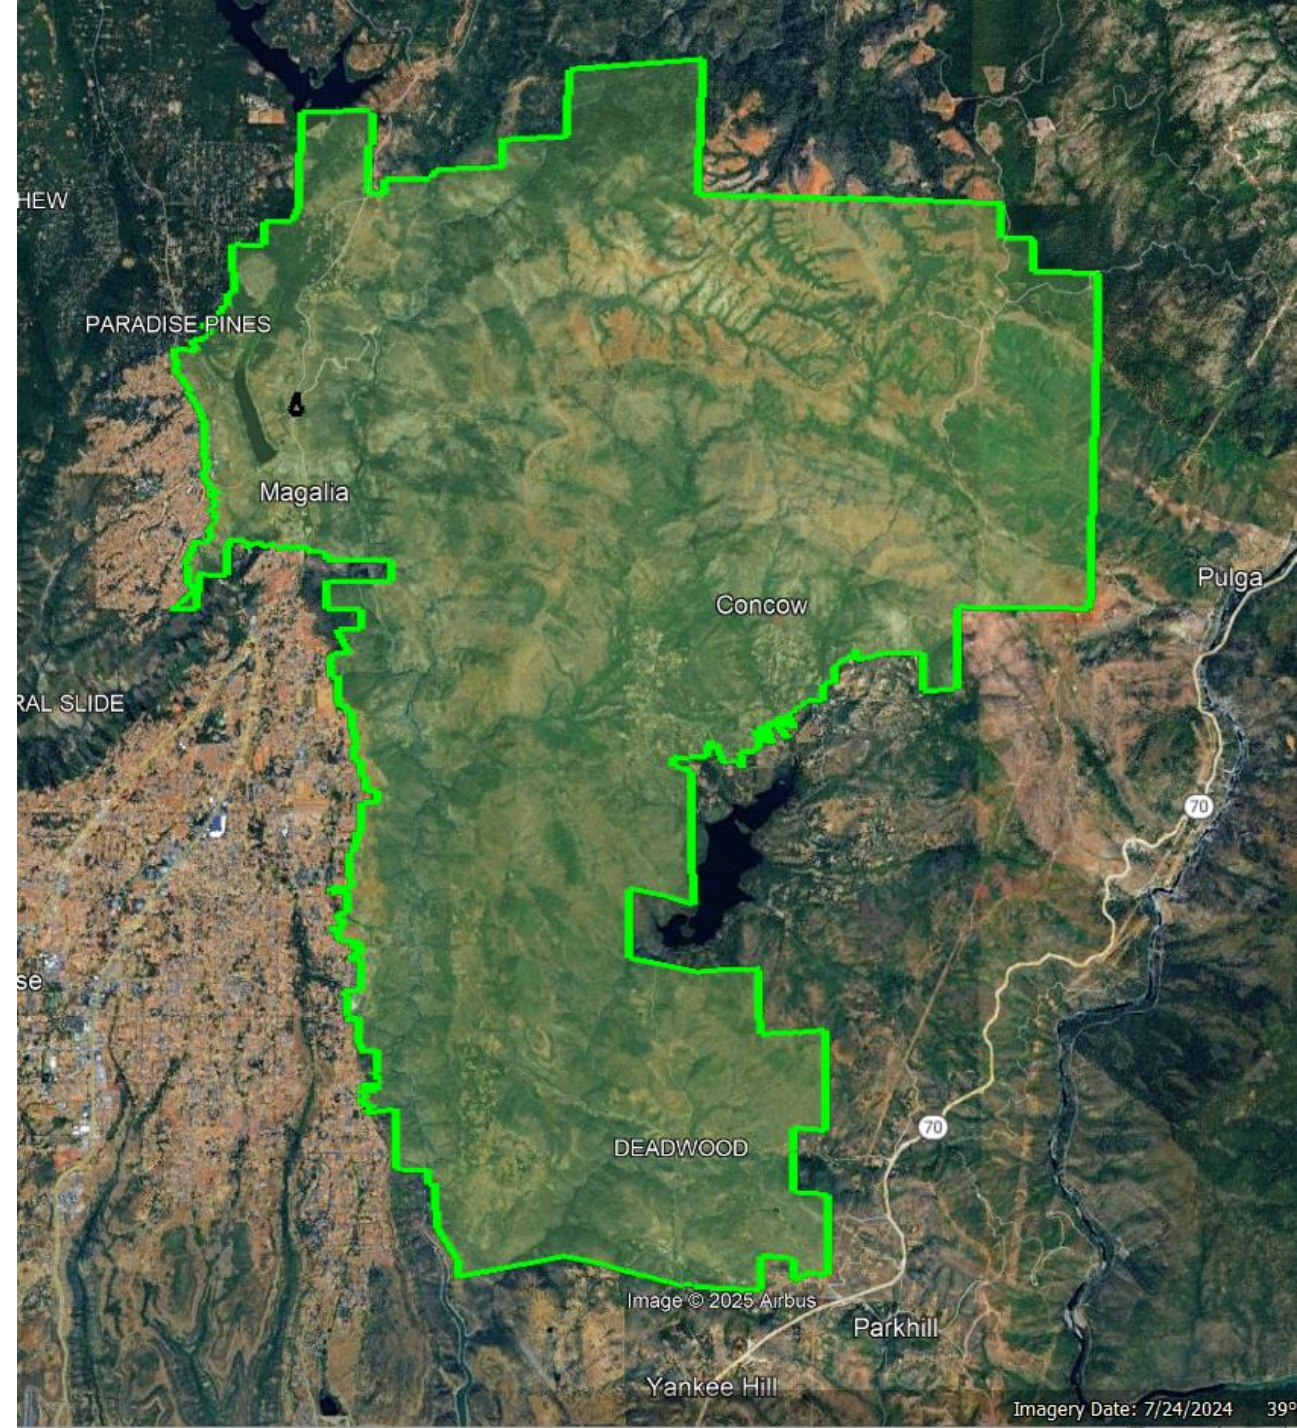

→ Feasibility Study

Project Purpose, Goals, and Scope of Work

Vision for a future OHV trail system

An OHV trail system that minimizes the impacts on affected landowners and environmental resources, while maximizing the user experience.

- Study Area
- Trailhead Site
- Regional Trail Network: Jordan Hill Rd and Vicinity

Feasibility Study

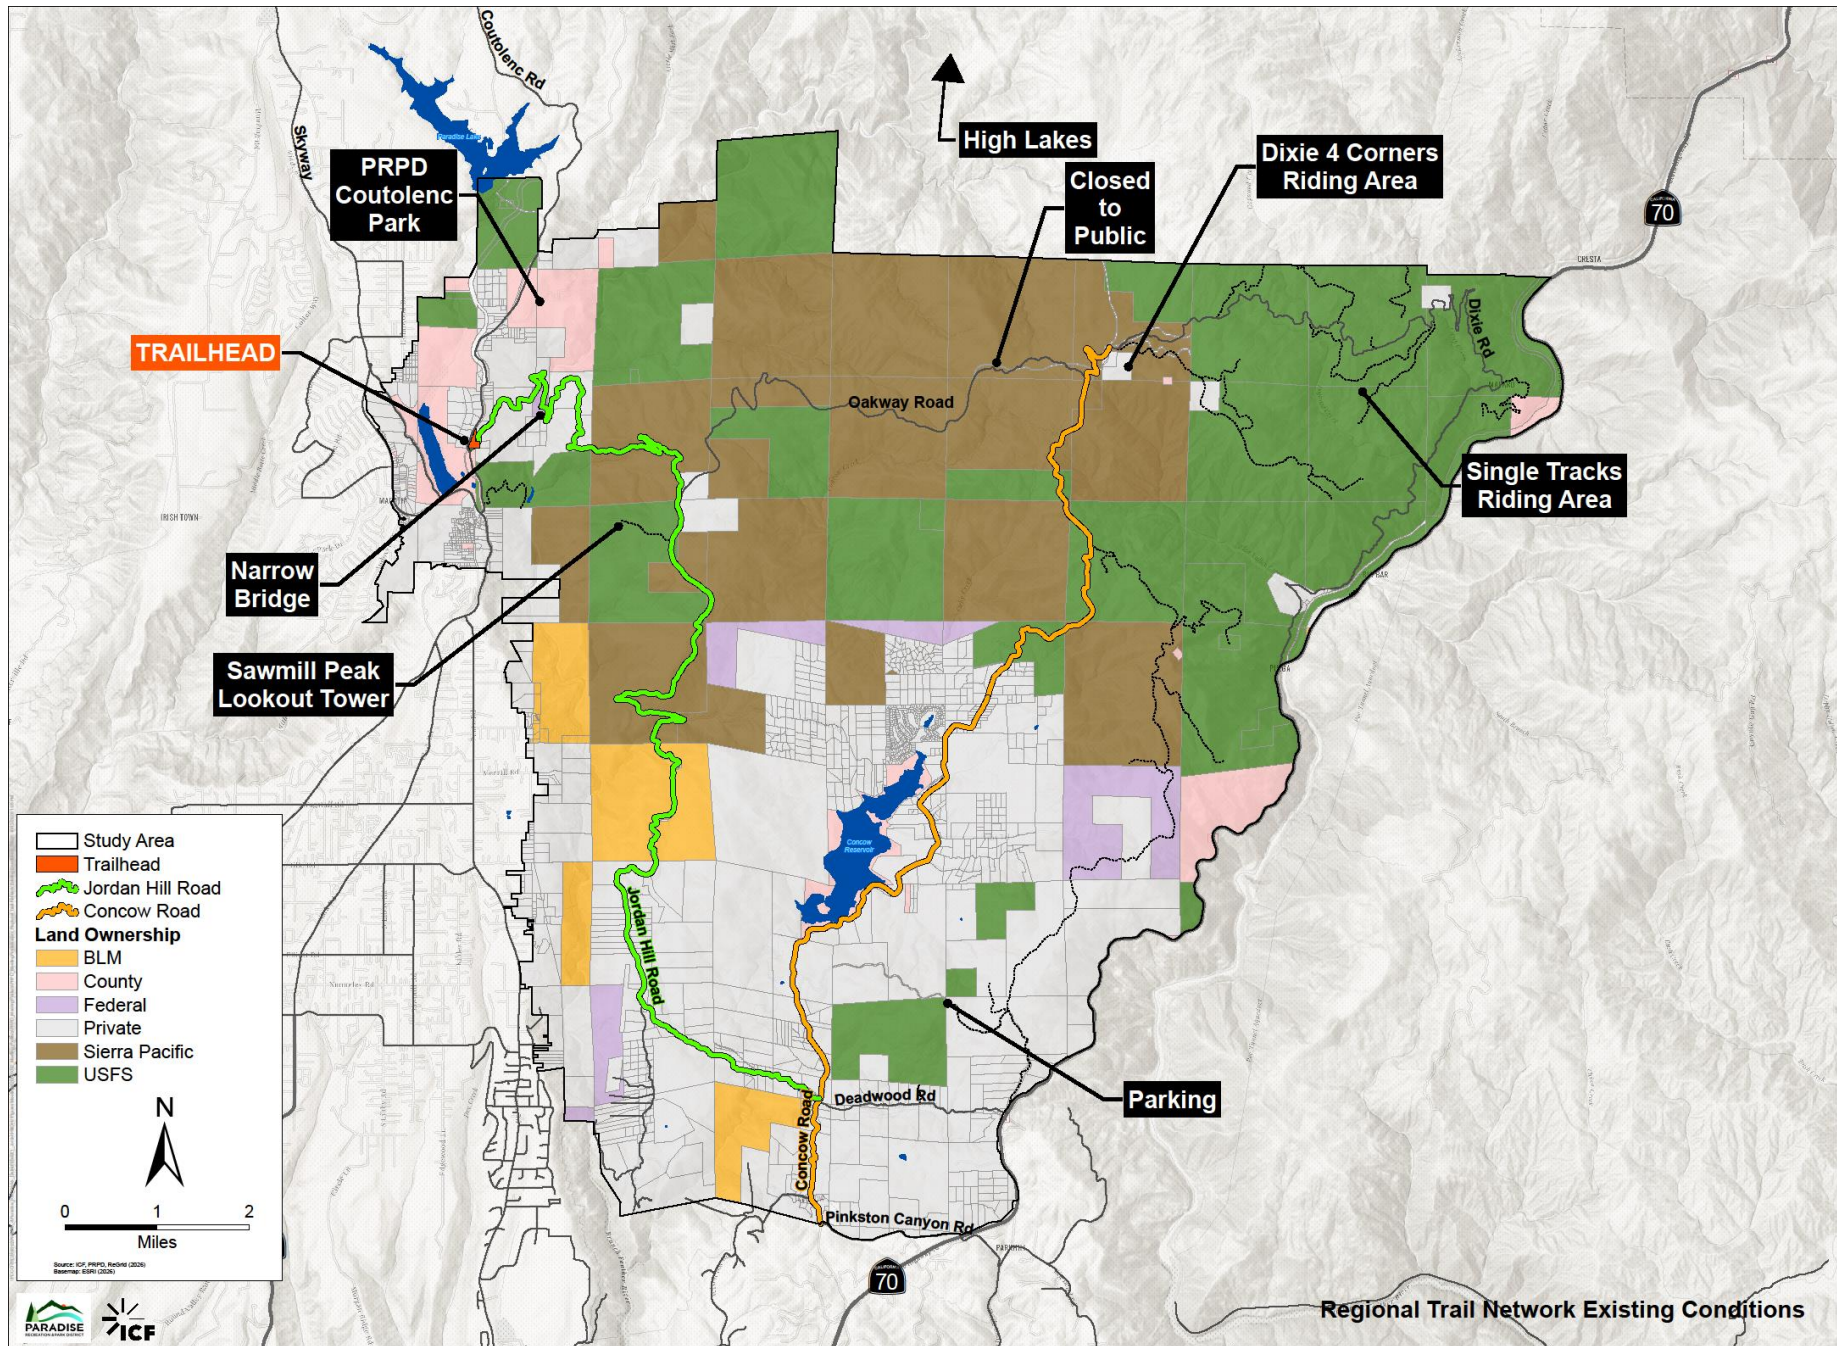

- Definition
- Inputs:
 - Desktop analyses (Bio, Cultural, Land Use)
 - Site visits
 - Stakeholder meetings
 - Community meetings

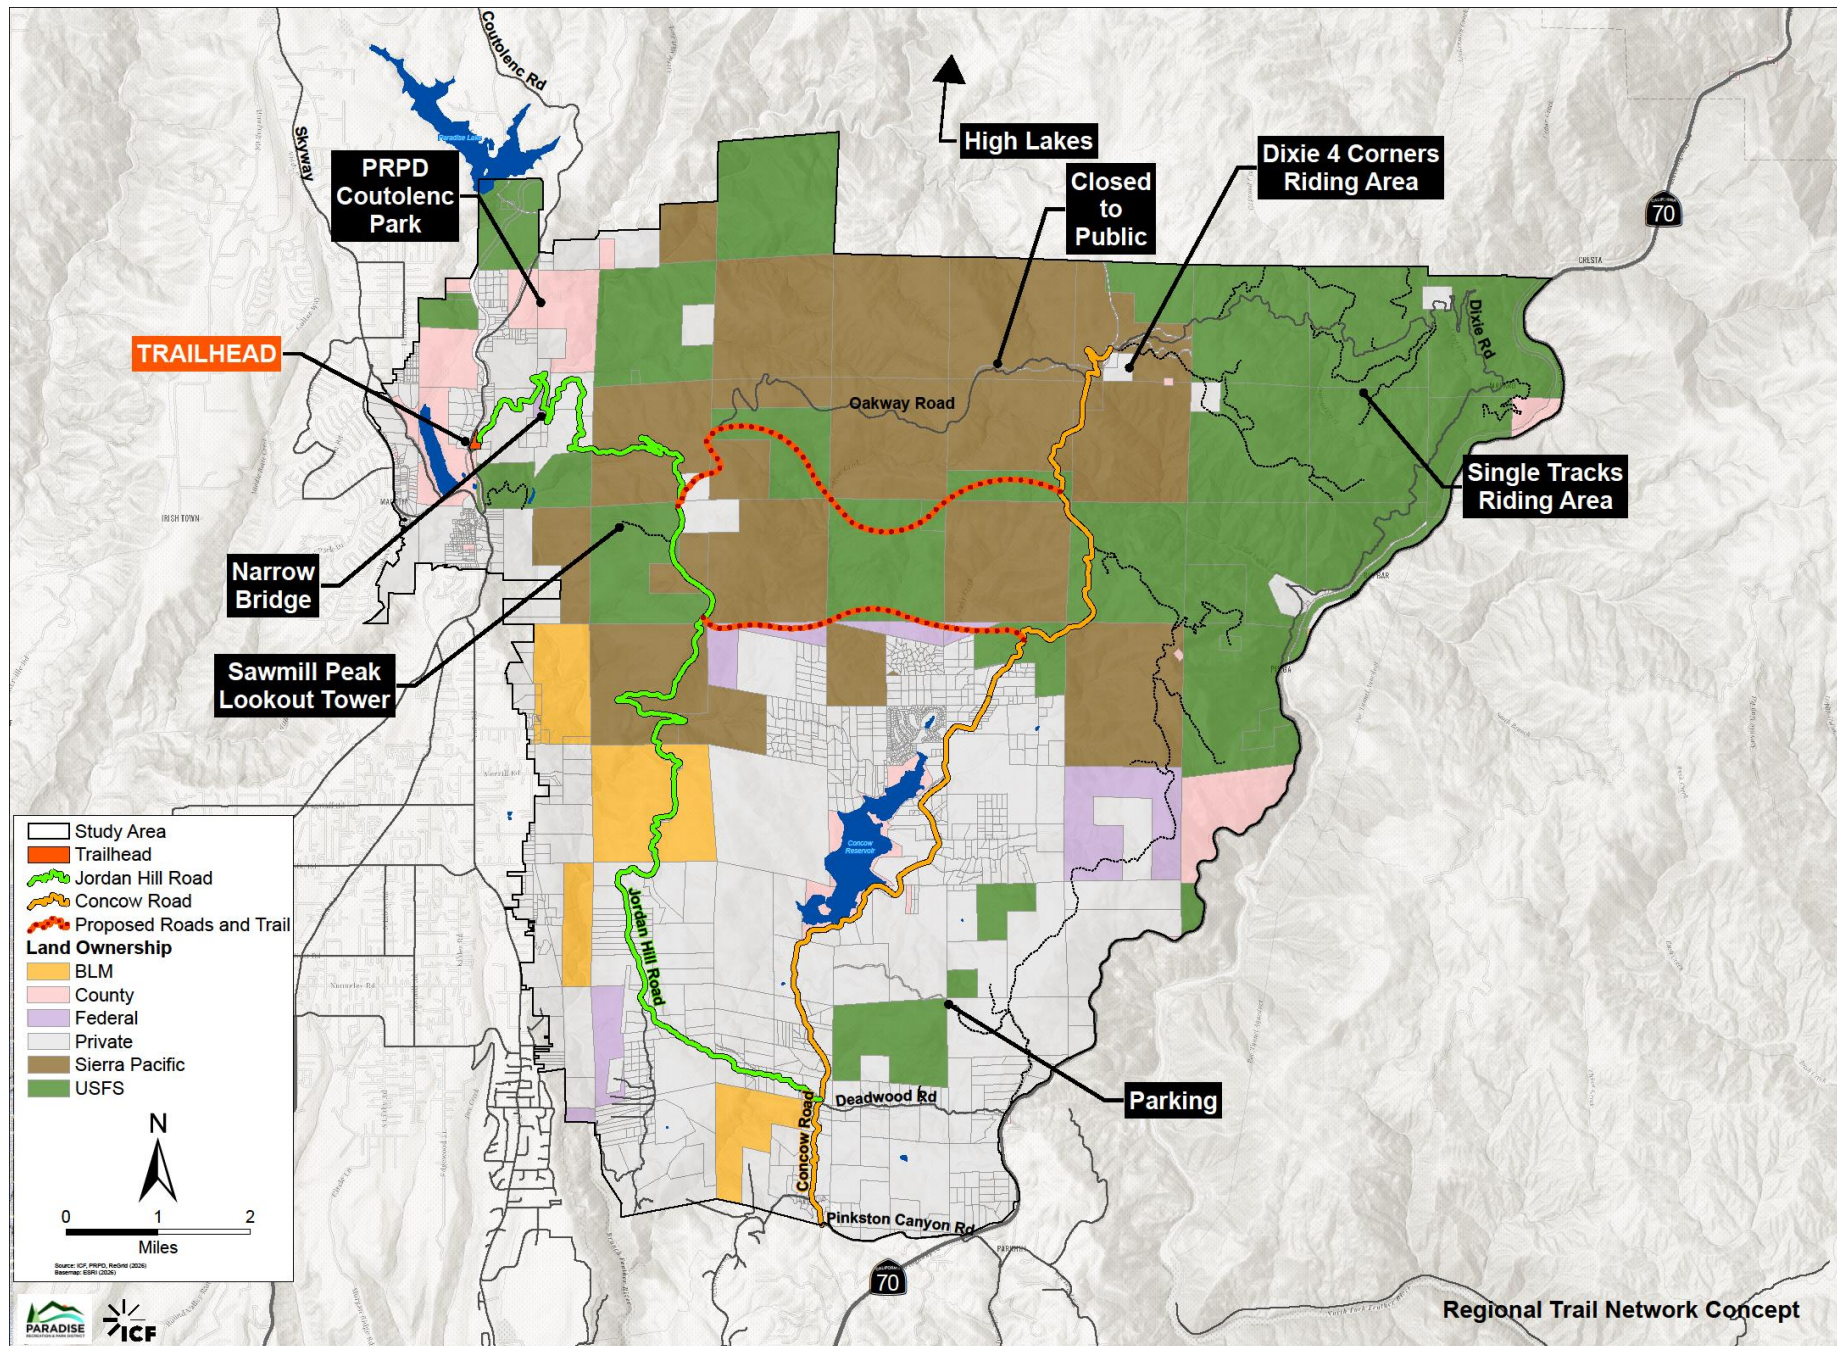

Stakeholder and Community Meeting Input

- Considerable Interest in OHV Trails
- Environmental, Wildfire, and Land Use Conflict Concerns
- Land Ownership Constraints
- Build on Historical Use of Trailhead Site
- Provide Desired Features
- Promote Safe and Sustainable Uses
- Unclear Responsibility for Maintenance of Jordan Hill Road
- Limited Funding and Staffing Capacity

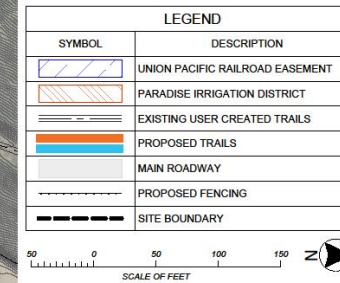

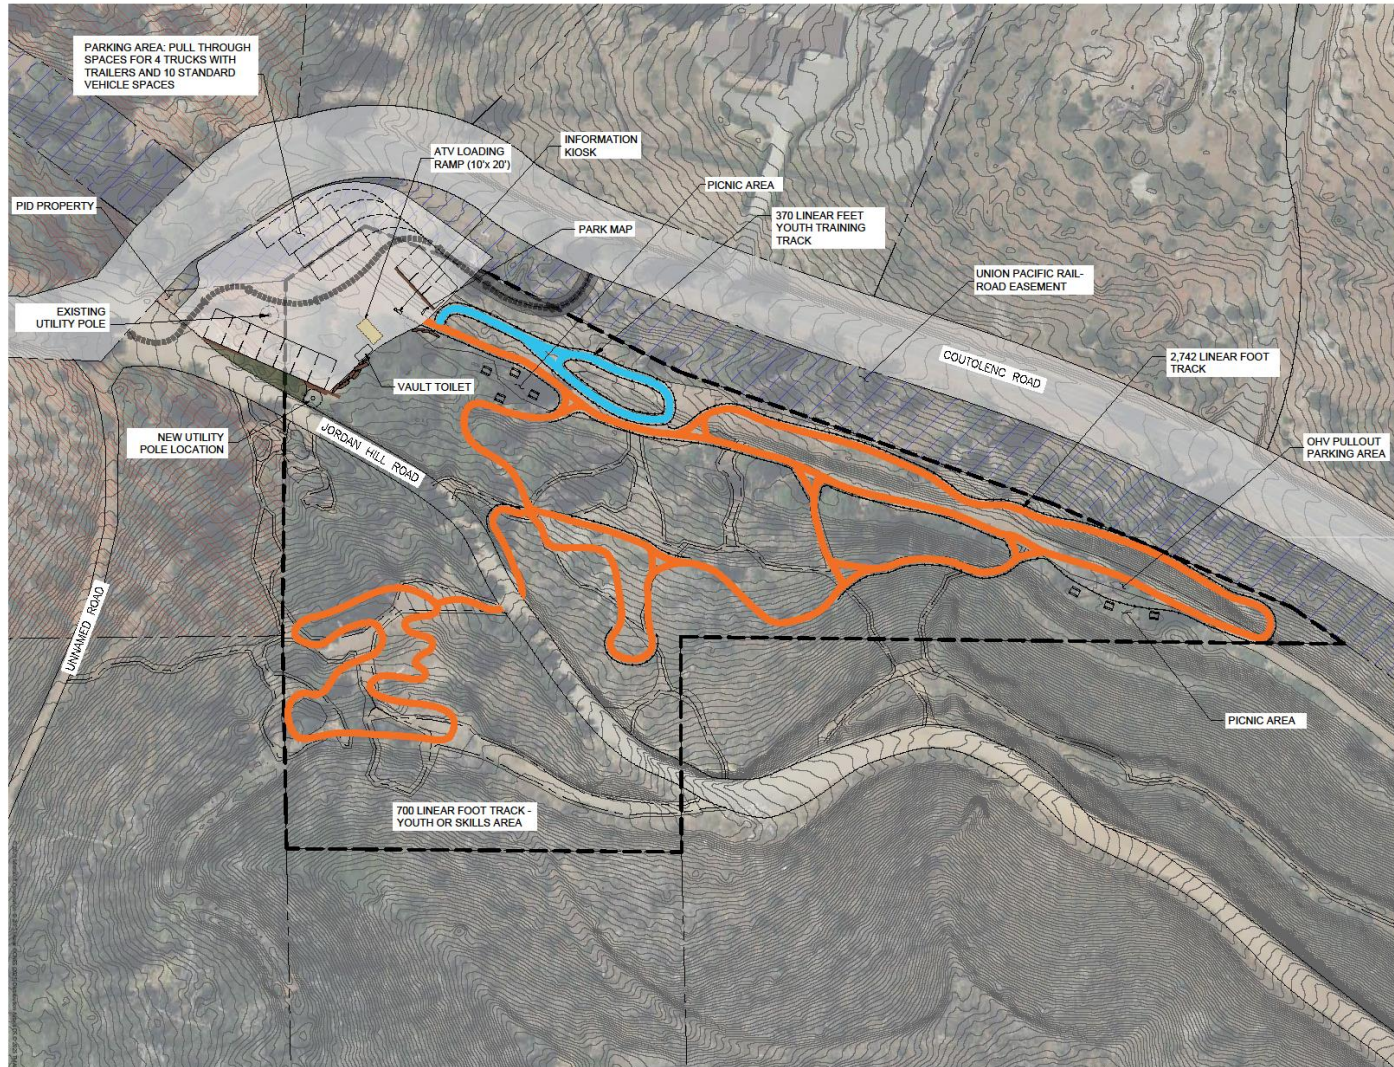

Jordan Hill Road Trailhead Site: Vicinity

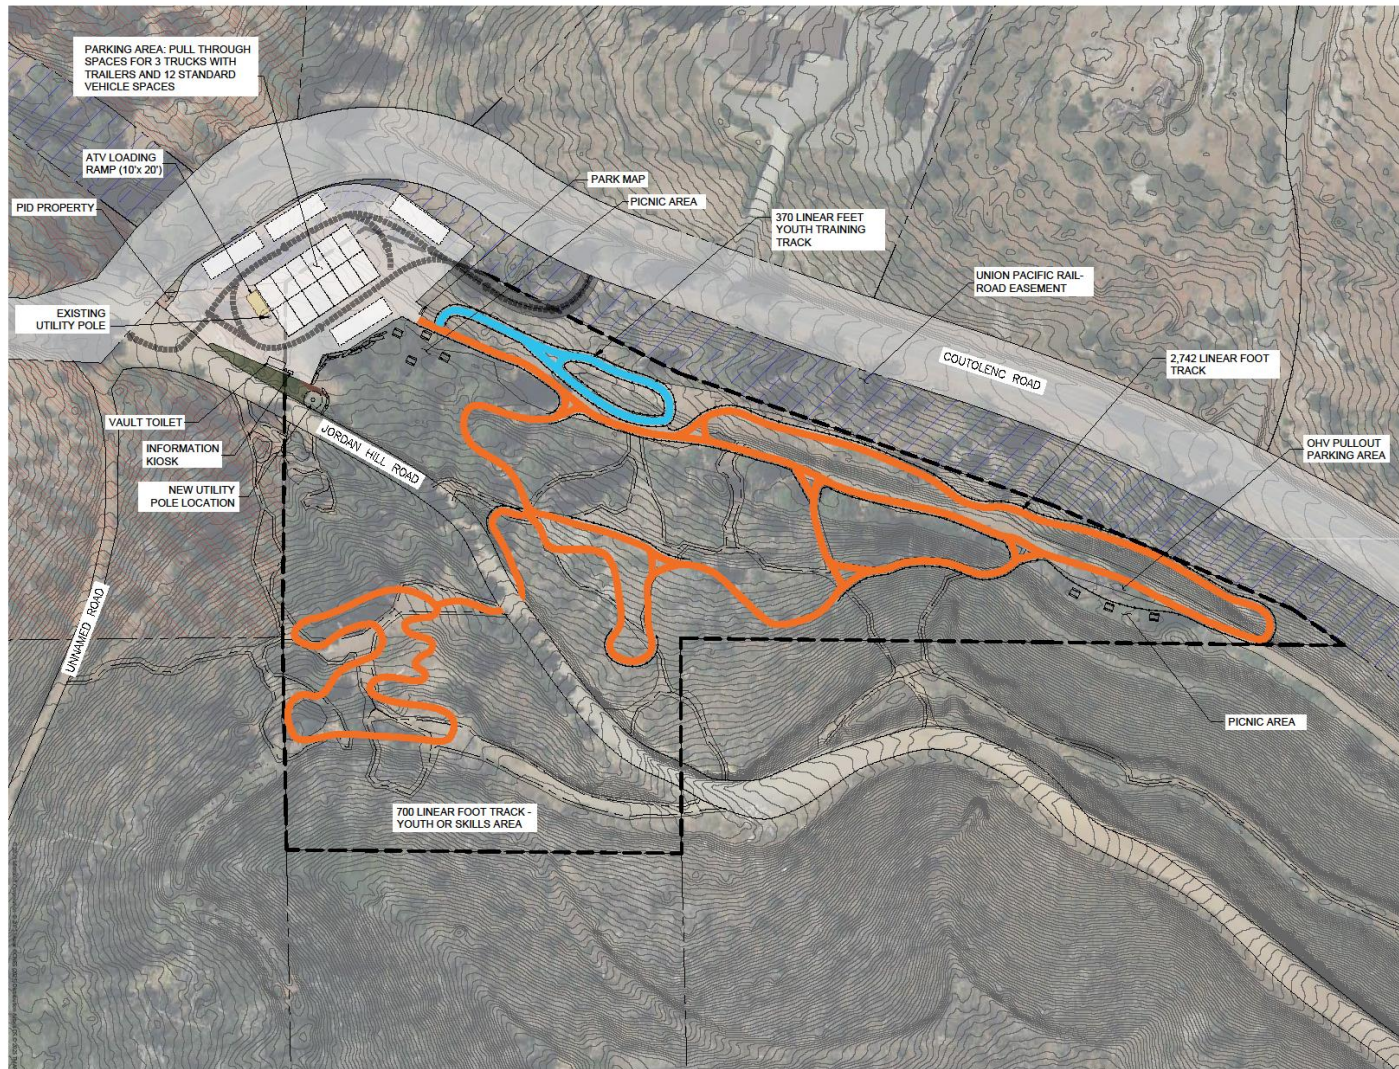

Jordan Hill Road: Trail Head Site

PROPOSED CONCEPT PLAN 1
OCTOBER 2026

LEGEND	
SYMBOL	DESCRIPTION
	UNION PACIFIC RAILROAD EASEMENT
	PARADISE IRRIGATION DISTRICT
	EXISTING USER CREATED TRAILS
	PROPOSED TRAILS
	MAIN ROADWAY
	PROPOSED FENCING
	SITE BOUNDARY

PROPOSED CONCEPT PLAN 2
OCTOBER 2026

→ Summary of Project Progress

- Data Collection and Analysis
- Stakeholder Meetings, Public Outreach and Engagement
- Conceptual Trail Options Development
- Regional Trail Network Concept Development
- Feasibility Study Report—In Progress

→ Next Steps

- Preparing a Feasibility Study report
- PRPD to seek funding for next phases:
 - Trailhead Site: Coordination with RR, PID. Further development of trailhead site concept
 - Regional Trail Network: Coordination with landowners. Resource studies, further development of concept, permitting and regulatory compliance
